

# PLANT SMILES GROW LAUGHTER HARVEST LOVE

The Roswell North Elementary Foundation (RNEF) is working with Mrs. Rains to expand and maintain our RNE Garden! Our students not only get to learn about science and math when visiting our garden and kitchen, they also learn about healthy eating and about community involvement. Our students often have the opportunity to make and taste new recipes using crops harvested from our garden! Did you know Mrs. Rains packages and donates surplus crops to a local organization to help feed those in need?

Each year, the RNEF holds a **student-led fundraiser** get excited about new projects at our school. Our Garden Bucks fundraiser will run **January 22 – 29<sup>th</sup>**.

With your student's help, we can cover costs of garden materials, soil testing and supplies for the **27 raised beds** we currently have in our garden. This includes organic soil, amendments, blueberry bushes, 12 flats of plants and over 50 kits needed for soil testing.

We want to challenge **EVERY student at Roswell North to earn one dollar** to contribute towards RNEF's Garden Fundraiser by helping out at home or in the community to earn their dollar contribution. We hope that the Our Garden Fundraiser will inspire students to earn a dollar for their school by performing a needed task in their home or community. Students gain competence through helping out at home and by helping their school.

Encourage your student to:

- Help unload the dishwasher for the week
- Take out the trash or bring up the trash cans from the curb
- Wash a relative's car
- Help a sibling with homework
- Assist a neighbor with yard work

Please cut out the Garden Buck (on reverse) or download online at

Have your student complete the form with how he or she earned the Garden Buck and bring it into school the next day along with a dollar. We will keep track of how many bucks each class has earned and the winning class will have a special event in the RNE Kitchen with Mrs. Rains!
